SUMMARY

Front-end Web Developer skilled in crafting and developing seamless User Interfaces for dynamic web applications. Proficient in leveraging React.Js, with a strong understanding of UI core technologies and concepts, coupled with a knack for translating design concepts into elegant and efficient User Interfaces that drive user engagement and satisfaction. Experienced in collaborating with cross-functional teams in fast-paced environments to deliver high-quality solutions tailored to meet the specific needs of clients and users.

EDUCATION

B K Birla Institute of Engineering & Technology <i>Bachelor of Technology in Computer Science (CGPA: 8.95 / 10.00)</i>	Pilani, Rajasthan 2020-2024
Birla School <i>Intermediate in Science, CBSE (89.50%)</i>	Pilani, Rajasthan 2018-2020

TECHNICAL SKILLS

Front-end Technologies: HTML, CSS (Tailwind CSS), JavaScript, TypeScript, React.Js, Jest
Back-end Technologies: Node.Js, Express, MongoDB, SQL, Git
Tools: GitHub, Visual Studio Code, Postman

WORK EXPERIENCE

Boon (formerly Swajal Water Pvt Ltd) <i>Graduate Engineer Trainee (Intern)</i>	April 2024 – Present Gurugram, Haryana
<ul style="list-style-type: none">Interactive Dashboard Development: Implementation of a comprehensive dashboard from scratch using React, to provide real-time data visualization, utilizing graphs and charts to enable data-driven decision-making.Real-Time Data Integration: Creation and integration of RESTful APIs using AWS Lambda Functions, API Gateway, and Dynamo DB by incorporating real-time data, sent from IOT devices.Development Best Practices: Committed to adhering to industry-standard development best practices throughout the project lifecycle, which ensured code quality, maintainability, and scalability.Code Reviews and Collaboration: Volunteered in code reviews and peer evaluations, fostering a culture of continuous improvement and knowledge sharing within the team.Project Documentation: Documented all project-related information for seamless handover to the testing and support team.	

PROJECTS

DropBox Clone - File Sharing App (https://dropboxx.vercel.app/) <i>Next.js, Firebase, Clerk</i> <ul style="list-style-type: none">This robust and scalable project, deployed on Vercel, is built to handle over 100 simultaneous users efficiently through horizontal scaling. The DropBox Clone features secure authentication, advanced file management, and a sleek, responsive design. It empowers users to seamlessly store, manage, and share files across multiple devices, providing a reliable solution for personal and collaborative file handling.
Scratch book (https://scratch-book-client.vercel.app/) <i>NextJs, Tailwind CSS, Websocket</i> <ul style="list-style-type: none">A scalable, real-time collaborative drawing platform designed for multiple users to interact simultaneously. It offers a variety of drawing tools and color options, fostering creativity and teamwork. The application ensures a seamless experience for users, making it an ideal tool for collaborative artistic projects and creative brainstorming sessions.
Google Chrome Clone (https://google-clonexyz.netlify.app/) <i>ReactJs, Tailwind CSS, Rapid API</i> <ul style="list-style-type: none">Developed a Google Chrome clone utilizing Rapid API, featuring a responsive and scalable design. This project replicates the core functionality of Google's search engine, ensuring a user-friendly interface and seamless experience across various devices. The implementation focuses on efficient data retrieval and display, making it a robust and adaptable search tool.

ACHIEVEMENTS

- Secured first place in the Internal Round of the **Smart India Hackathon**
- Hacktoberfest Participant:** Contributed to front-end development in various open-source projects during Hacktoberfest. Focused on enhancing UI/UX, implementing themes (light and dark mode), and integrating back-end functionality for post features.
- Sobhasaria Hackathon Participant:** Actively participated in the Sobhasaria Hackathon, thereby gaining valuable experience in collaborative problem-solving, rapid prototyping, and innovative thinking.

CERTIFICATIONS

- TailwindCSS from A to Z: Master TailwindCSS Quickly
- JavaScript from Udemy
- Namaste React
- Node js for Web Development
- MonogDB from MongoDB university
